

Nature Weekend at Bremer Sanctuary

Join us for 2 great events.....September 22 & 23

LLABB Bird Banding Demonstration-- Tony Rothering, a licensed bird bander, will be capturing and banding birds from 8:00-noon on Sept. 22. Participants will learn about the scientific process of banding and how the data collected is used. Susan Shaw will be on hand presenting "Be a Bander", a children's program whereas kids can extract plush birds from a mist net and learn the process of banding.

Bring a lawn chair, program is continuous, so come anytime from 8-12, with snacks served.

"Let's All Give a Hoot!"

Children & Family Program on Sept. 23, 1:00-2:30, will explore which owls call Illinois their home. After a Power Point presentation, participants can observe the many owl posters on display, dissect an owl pellet and make a take-home craft. On display will be a Great Horned Owl skull and talon.
