Spring Woodland Wildflower Walk

April 9th, 2022 1:00-2:30 pm

A guided tour through our woodland trails will leave the barn parking area at 1:00pm and will last approximately 90 minutes. The leisurely hike may feature such native beauties as Bluebells, Dutchman's Breeches, Mayapples, Spring Beauties, Trillium and several varieties of violets.

Dress for the weather...Wear sturdy shoes or boots, hat and apply bug repellent. Bring a bottle of water and a Native Illinois Wildflower Field Guide may be helpful, but not required. The Education Barn and Meeting Hall will be open for tours afterwards.

Light snacks served. Open to the public.

Donations accepted.

Sponsored by the Illinois Audubon Society
